Summary

B.Sc. in Computer Science from UNIFEI, with experience in full stack development, applied AI, automation, data, and product. I bring a technical, hands-on, and proactive profile, with initiative, product and business awareness, and a strong focus on solving real problems. I build web systems, integrations, dashboards, and digital solutions that connect technology, clients, and operations to turn manual processes into useful, clear, and scalable deliveries.

Professional Experience

Moontech

Remote, Brazil

FULL STACK DEVELOPER

May 2024 - Present

- Delivered full stack solutions with Angular, Next.js, GraphQL, Python, PostgreSQL, Docker, and AWS for clients and internal processes.
- Designed AI automations in HubSpot for lead qualification, proposals, automated responses, and post-sales support.
- Developed dashboards with Python and Streamlit to support business and technical decisions, connecting operations, product, and business needs.

byron.solutions

Itajubá, MG, Brazil (Remote)

FULL STACK DEVELOPER

Apr 2020 - Nov 2021

- Built websites, landing pages, web systems, automations, REST integrations, and CRUD flows for internal and client projects.
- Bridged product, backlog, Figma, and client communication, translating business demands into technical deliveries with the team.

Pró-Saúde Materiais Odontomédicos

Itajubá, MG, Brazil

FULL STACK DEVELOPER | PROCESS AUTOMATION AND INTERNAL SOLUTIONS

Apr 2020 - Feb 2022

- Developed automations with Python, JavaScript, Google Sheets, and integrations to digitize administrative, commercial, and operational routines.
- Created internal systems for financial control, inventory, and operations, in addition to generative AI automations and a WhatsApp bot integrated with OpenClaw.

CAAI — Curso Assistencial Amigos de Itajubá

Itajubá, MG, Brazil

TEACHER

Mar 2019 - Feb 2021

- Planned and delivered classes, strengthening teaching clarity, organization, and practical communication.

Skills

Core stack React, Next.js, Angular, TypeScript, Node.js, Python, PostgreSQL

Backend & APIs Express, Fastify, Django, GraphQL, REST, Prisma

Data & AI Pandas, Streamlit, LLMs, Agents, Applied AI, Web scraping

DevOps & Tools Docker, AWS, Git, GitHub, GitLab, Figma

Languages Portuguese (Native), English (Intermediate)

Education

Federal University of Itajubá - UNIFEI

Itajubá, MG, Brazil

B.Sc. IN COMPUTER SCIENCE

Graduated in 2025

- Foundation in software engineering, algorithms, data structures, databases, AI, networking, and systems development.
